

New Source Review newspaper advertisements for construction permit applications, September 6, 2007. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: September 4, September 5, or September 6, 2007. Public notices are generally published every two weeks. The previous publication of public notices was August 23, 2007.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Tennessee Asphalt Company with a mailing address of P.O. Box 1111, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number: 25-0014-03/61192) for a Diesel-fired Generator located at Highway 127, Jamestown, TN 37723. This existing operation consists of a diesel-fired generator used to provide power to an existing batch mix hot mix asphalt plant. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. M. Smith is the assigned Division person.

For the Fentress County *Fentress Courier* -- published once on or before Thursday, September 6, 2007

The applicant is O-N Minerals (Luttrell) Company with a mailing address of 486 Clinch Valley Road, Luttrell, TN 37779. They seek to obtain an air contaminant permit (Division identification number 29-0045-01/60951) for construction of a Portable Rock Crushing Operation located at 379 Dave Jackson Road, Thornhill, TN 37881. This proposed operation would consist of a jaw crusher, a grizzly feeder, conveyors, crushed aggregate stockpiles and associated equipment used to produce crushed limestone aggregate. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For the Hamblen County *Citizen Tribune* -- published once on or before Thursday, September 6, 2007

The applicant is Valspar Powder Coatings with a mailing address of 95 Quaker Oats Drive, Jackson, TN 38301. They seek to obtain an air contaminant permit (Division identification number: 57-0226-01/60875) for a Dust Collecting Operation located at 95 Quaker Oats Drive, Jackson, TN 38301. The proposed operation would consist of constructing dust collectors in their powder coating operation for pollution control. Regulated air contaminants would be emitted by this source. There would be physical construction. Mr. Jim A. Attar is the assigned Division person.

For the Madison County *Jackson Sun-Daily* --published once on or before Thursday September 6, 2007

The applicant is Tennessee Department of Correction, Morgan County Correctional Complex with a mailing address of 3rd Floor Rachel Jackson Building, 320 Sixth Avenue North, Nashville, TN 37243-0465. They seek to obtain an air contaminant permit (Division identification number 65-0056-02/61159) for modification of a Boiler Operation located at 500 Flat Fork Road, Wartburg, TN 37887. This existing operation consists of two boilers. The requested modification is for the addition of one new boiler. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be physical construction. Ms. Hymelia Craig is the assigned Division person.

For the *Morgan County News*—published once on or before Thursday, September 6, 2007

The applicant is Vulcan Construction Materials, L.P. with a mailing address of P.O. Box 7, Knoxville, TN 37901. This company seeks to obtain a construction permit (Division identification number: 78-0103-01/61187) for the replacement of the Primary Feeder, Crusher, and Conveyer located at 269 East Mount Road, Kodak, TN 37764. The existing operation consists of conveyors, screens, crushers, feeder, bins, crushed rock stockpiles, and associated equipment used to produce crushed stone. Wet suppression will continue to be used for pollution control. There would be physical construction with no increase in the regulated air contaminants emitted by this source. Mr. Omar Al-Khatib is the assigned Division person.

For Sevier County *Mountain Press* -- published once on or before Thursday, September 6, 2007

The applicant is TIN, Inc. dba Temple-Inland with a mailing address of 150 Temple Drive, Cumberland City, TN 37050. They seek to obtain air contaminant permits for modification of their Wallboard Production facility at the same address, as follows:

(1) Stucco Production Operation (Division identification number: 81-0030-01/60845). The proposed modification would consist of replacement of conveying equipment and installation of new burner technology along with other mechanical equipment changes.

(2) Wallboard Production Operation (Division identification number: 81-0030-02/60846). This proposed modification would consist of replacement of burners, installation of new burner technology, along with other mechanical equipment changes.

There would be physical construction. Regulated air contaminants will be emitted by this source. Both of the above processes use baghouse control. Mr. G. Forte is the assigned Division person.

For Stewart County *Stewart-Houston Times* -- published once on or before Thursday, September 6, 2007

The applicant is Boone Market, with a mailing address of 3920 Highway 75, Kingsport, TN 37663. They seek to obtain an air contaminant permit (Division identification number: 82-0358-01/60962) for construction of a Gasoline Dispensing Facility at 3920 Highway 75, Kingsport, TN 37663. This existing operation consists of two gasoline storage tanks and associated gasoline dispensing equipment. Stage I gasoline vapor recovery is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For the Sullivan County *Kingsport Times-News* -- published once on or before Thursday, September 6, 2007

The applicant is MRF Recycling with a mailing address of 4840 Hwy 22, Michie, TN 38357. They seek to obtain an air contaminant permit (Division identification number: 55-0084-02/60225) for a Tub Grinder located at the same address. This existing operation consists of a grinder and associated equipment used to grind wood and other materials into mulch. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. J. Fuss is the assigned Division person.

For the McNairy County *Independent-Appeal* -- published once on or before Thursday, September 6, 2007
